

bill > deposit > add

bill > deposit > add

Route: bill/deposit/add

URL: <https://admin.myslbb.com/#/bill/deposit/add>

Overview

This page is a draft SOP reference for the above screen in **i2i Core OSS/BSS**. It is auto-generated from UI exports and should be reviewed for operational correctness before customer release.

When to Use

- Use this screen for the workflow represented by this route.
- Do not make billing/AAA/provisioning-impacting changes without required authorization.

Typical Workflow

1. Verify you are working on the correct entity (Customer/Account/Service).
2. Review the current lifecycle state before making changes.
3. Apply changes and validate system response.
4. Confirm downstream impact (AAA/Provisioning/Billing) where applicable.

Field & Action Hints (Auto-detected)

- **Fields detected:** Deposit Name, Deposit Type
- **Actions detected:** Auto, Close, Billing, Deposit Management, Save, Cancel

Validation & Safety Checks

- Confirm identifiers before saving.
- Confirm lifecycle state allows the change.
- Confirm rollback/support path exists for production actions.

Escalation Guidance

- **L1:** Verify input, permissions, and entity state.
- **L2:** Validate dependencies and downstream state.
- **L3/Admin:** Policy/config changes or suspected defect.

The screenshot displays the SMARTLINK admin dashboard. The top navigation bar includes the SMARTLINK logo, user information (Priyesh Chauhan), and a search bar. A secondary navigation bar lists various modules: Customer, Partner, Product, Network, Billing, Inventory, Ticket, WiFi, Reports, AAA, Mediation, and System. The breadcrumb trail indicates the current path: Home > Billing > Deposit Management > Add Deposit.

The main content area is titled "New Deposit" with the subtitle "Create new Deposit". It contains a "Deposit Details" section with four input fields: "Deposit Name", "Deposit Type" (a dropdown menu), "Period (in months)", and "Amount". At the bottom right of this section are "Save" and "Cancel" buttons.
