

wsmp > ap > create

wsmp > ap > create

Route: wsmp/ap/create

URL: https://admin.myslbb.com/#/wsmp/ap/create

Overview

This page is a draft SOP reference for the above screen in **i2i Core OSS/BSS**. It is auto-generated from UI exports and should be reviewed for operational correctness before customer release.

When to Use

- Use this screen for the workflow represented by this route.
- Do not make billing/AAA/provisioning-impacting changes without required authorization.

Typical Workflow

1. Verify you are working on the correct entity (Customer/Account/Service).
2. Review the current lifecycle state before making changes.
3. Apply changes and validate system response.
4. Confirm downstream impact (AAA/Provisioning/Billing) where applicable.

Field & Action Hints (Auto-detected)

- **Fields detected:** Access Point Name, Hotspot, Device Serial Number, Device MAC Address, Latitude, VLAN, Description
- **Actions detected:** Auto, Close, WiFi, Access Point, Create Access Point, Cancel

Validation & Safety Checks

- Confirm identifiers before saving.
- Confirm lifecycle state allows the change.
- Confirm rollback/support path exists for production actions.

Escalation Guidance

- **L1:** Verify input, permissions, and entity state.
- **L2:** Validate dependencies and downstream state.
- **L3/Admin:** Policy/config changes or suspected defect.

The screenshot displays the SMARTLINK web application interface for creating a new access point. The page title is "Access Point" with the subtitle "Create new access point". The breadcrumb navigation shows the path: Home > WiFi > Access Point > Create. The form is titled "Captive Portal Basic Details" and contains several input fields: "Access Point Name" (highlighted with a red border), "Hotspot" (a dropdown menu currently showing "Default Hotspot"), "Device Serial Number", "Device MAC Address", "Latitude", "Longitude" (highlighted with a blue border), and "VLAN". There is also a large text area for "Description". At the bottom right of the form, there are two buttons: "Create Access Point" (blue) and "Cancel" (orange). The top navigation bar includes the SMARTLINK logo, "Online Sessions (4233)", "Access Request", "Quick Actions", a search bar, and the user profile "Priyesh Chauhan".

Access Point
