

wsmp > cp > add

wsmp > cp > add

Route: wsmp/cp/add

URL: <https://admin.myslbb.com/#/wsmp/cp/add>

Overview

This page is a draft SOP reference for the above screen in **i2i Core OSS/BSS**. It is auto-generated from UI exports and should be reviewed for operational correctness before customer release.

When to Use

- Use this screen for the workflow represented by this route.
- Do not make billing/AAA/provisioning-impacting changes without required authorization.

Typical Workflow

1. Verify you are working on the correct entity (Customer/Account/Service).
2. Review the current lifecycle state before making changes.
3. Apply changes and validate system response.
4. Confirm downstream impact (AAA/Provisioning/Billing) where applicable.

Field & Action Hints (Auto-detected)

- **Fields detected:** Captive Portal Name, Description, Layout, Background Configuration
- **Actions detected:** Auto, Close, WiFi, Captive Portal Service, Create Captive Portal, Cancel

Validation & Safety Checks

- Confirm identifiers before saving.
- Confirm lifecycle state allows the change.
- Confirm rollback/support path exists for production actions.

Escalation Guidance

- **L1:** Verify input, permissions, and entity state.
- **L2:** Validate dependencies and downstream state.
- **L3/Admin:** Policy/config changes or suspected defect.

The screenshot displays the SMARTLINK admin dashboard. The top navigation bar includes the SMARTLINK logo, 'Online Sessions (4233)', 'Access Request', and 'Quick Actions'. A search bar and user profile 'Priyesh Chauhan' are also visible. The main menu contains various categories like Customer, Partner, Product, Network, Billing, Inventory, Ticket, WiFi, Reports, AAA, Mediation, and System. The breadcrumb trail shows the path: Home > WiFi > Captive Portal Service > Create.

The main content area is titled 'New Captive Portal' with the subtitle 'Create new captive portal'. It is divided into three sections:

- Captive Portal Basic Details:** Contains three input fields: 'Captive Portal Name' (text), 'Description' (text), and 'Layout' (dropdown).
- Background Configuration:** Contains a single dropdown menu labeled 'Background Configuration'.
- Captive Portal Logos:** Contains three upload buttons: 'Primary Logo', 'Secondary Logo', and 'Logo Mark', each with a plus sign icon and a corresponding empty image placeholder below it.
